## 2019 Shelby GT350/GT350R Preview

The track-ready Shelby GT350 is designed with one mission: to deliver blistering performance. Inside and out, every system and component works in balanced harmony to help achieve this goal. For 2019, the driving experience behind the wheel is enhanced with more standard features like SYNC 3, FordPass Connect with Wi-Fi hotspot, a 9-speaker audio system, a wrapped center console with accent stitching, and more. Available early 2019.

### Legendary Performance

The Shelby GT350 is a thoroughbred capable of tackling the world's most challenging roads and racetracks with:

- A 5.2L Ti-VCT V8 with flat-plane crankshaft:
  - 526 horsepower<sup>(1)</sup>
  - 429 lb.-ft. of torque<sup>(1)</sup>
- Available carbon fiber wheels — strong yet lightweight
- Continuously controlled MagneRide<sup>®</sup> Damping System that monitors and adjusts itself up to 1000 times per second
- Dual exhaust with electronic valves and quad tips
- Engine oil, transmission and differential coolers
- Performance-tuned TORSEN<sup>®</sup> limited-slip differential that helps enhance cornering grip and straight-line traction
- TrackApps<sup>®</sup> include electronic line-lock and launch control<sup>(2)</sup>
- Track-ready 4-wheel disc braking system with 6-piston front and 4-piston rear Brembo<sup>®</sup> brake calipers
- TREMEC<sup>®</sup> 6-speed manual transmission

### Driver-focused Interior

From the Shelby-unique shift knob to the race-inspired gauges, every component helps create an uncompromising, performance-driving environment.

- Aluminum foot pedals
- Available exposed carbon fiber instrument panel
- Leather and Alcantara wrapped flat-bottom steering wheel
- Programmable performance shift indicator light displayed on windshield
- Rear seat delete and red accent stitching on GT350R
- RECARO<sup>®</sup> sport bucket front seats designed by Ford Performance in cooperation with RECARO
- Selectable effort electronic power-assisted steering
- Shelby-exclusive aluminum instrument panel appliqué
- Shelby-exclusive Trim Package

### Dynamic, Sculpted Exterior

Ford engineers scrutinized and refined every aspect of the Shelby GT350 exterior in order to achieve a balance of downforce and drag. Components include:

- Aggressive front splitter
- Aggressive rear functional diffuser that helps increase downforce and provides cooling air to the differential cooler

- Ducted front and rear belly pans that deliver significant downforce
- Front fender vents that work with vented inner fenders to draw out turbulent air in the wheel wells and smoothly direct it down and out of the side of the car
- Unique vented aluminum hood

**(1) Horsepower and torque figures are achieved with 93-octane fuel.**

**(2) Track use only.**

# What's Important

## 2019 Shelby GT350/GT350R Preview

### Feature Descriptions

#### Model Lineup:

- Shelby GT350
- Shelby GT350R

#### Performance/Handling

- New front radiator block off plate on GT350
- New Michelin Pilot Sport Cup 2 Tires — unique to GT350
